9/9/2009 21:26:13	Barbara	15	Female	Busso	3	Yes	1	Yes	Yes		2 :D very good david! well done. think black and purple is a very good colour choice for your site. maybe if you change the colour of your links to purple and the roll over to white it might look good? the white is a bit bright comparing to the rest of your site.... But over all
